

19 June 2017

Kia ora Houghton Valley School whanau,

We have some exciting news to share with you. We are getting a new classroom! Associate Minister of Education Hon Tim Macindoe visited the school today and announced that our school will receive funding to build a new classroom to be ready for the 2019 school year. A copy of the media release is attached.

We are stoked and we are sure that you will be too. We would like to acknowledge Raewyn's contribution to achieving this outcome along with that of previous board members. We also acknowledge the patience of the school community and the understanding that you have shown as we try and improve the physical environment that our children learn in.

While we have been hoping for a new classroom for quite some time, this news has come quite suddenly.

We will share further details with you when we get them.
