Houghton Valley School Construction Project

Dear Houghton Valley School Users, Whanau and Neighbours to Houghton Valley School,

From 7 September Construct Wellington Ltd will be building a new classroom extension near the gates to Houghton Valley School. We will be erecting fencing and barriers to delineate the site boundaries and access. The construction work is likely to have the following impact for you:

Construction site: Contractors will be working within an isolated area under a Site Specific Safety Plan which has been submitted to the school and adheres to all of the usual safety requirements of the School and Construct. There will be no public access on to site.

Vehicle parking and traffic: Generally contractors will park in the bottom carpark however they will be accessing the top gate to load in materials and drop off tools and work. Most traffic will be between 7am and 8.30am. Daytime traffic will be timed to avoid the busy school times (8.30am-9.15am and 2.45-3.30pm will be avoided). Any vehicles backing out of site will have a person walking behind checking the way is clear.

Noise: Work will be noisy from time to time during hours allowed by Council – 7.30am to 6pm Monday to Friday and some Saturdays.

Dust: There may be some dust and dirt within the site.

TWO WEEKLY LOOK AHEAD

Next week – 7 to 14 September

Site fences installed and site set up;

Tuesday disconnect services – should not affect street services; services isolations within school zone out of school hours.

Thursday services scanning;

Monday to Friday – Clearing vegetation – digger on the driveway/ carpark site zone – noisy.

Following week – 15 to 21 September

Piling – noisy/ minor vibration

Possibly concrete truck later in the week.

We'll do our best to keep you posted but dates are subject to change as sometimes things don't go exactly according to plan in construction!

If you have any questions or concerns please contact me on the number below or Shane London on 021 898 925

Yours faithfully

Construct Wellington Ltd
