

Houghton Valley School

Caring, Exploring and Inspiring Together
Ka Manaaki, Ka Rapu, Ka Whakamanawa tahi ai tātou

20th March 2020

Kia ora te whanau

With so much information and misinformation swirling around about COVID-19, I wanted to share with you what will happen if we were to have a case in our school community. We have been planning for this and are in a position to respond quickly.

- As soon as a case is confirmed in our immediate school community (eg. a student, staff member, or member of their household), the Medical Officer of Health and Ministry of Education will inform me about this, and we will work together to get quick and clear messaging out to you
- If there was a case confirmed of someone in our school, we will likely be asked to close temporarily by the Medical Officer of Health. This will allow time for close contacts to be traced, appropriate testing to be undertaken, and a careful clean of the school to be undertaken.
- If our school does need to close temporarily, we have a plan in place to support student's learning.

We know COVID-19 feels scary and of course people are concerned for the wellbeing of our children. Please be assured that with no case confirmed in our school, your children are safe here.

Good hygiene is a priority at our school, and we are reinforcing this regularly with all students and staff. We know that practicing good hygiene is still the best thing we can all do to prevent illness.

We are getting the most up to date advice and guidance so that we can confidently make informed decisions about the safety and wellbeing of our school community.

We want to thank everyone who responded to the survey on Distance Learning. This will help us to design and plan work for distance learning if it is needed.

Each team is putting a range of resources together and will share these with whanau once we have them ready.
