

Junior School - Learning From Home Week 1

23rd August 2021

Kia ora te whānau

Welcome to Learning from Home, round two!

Due to the speed with which we went into lockdown, we were unable to send home any books or resources, so our planning for this round will reflect this - we will make tasks flexible so that they are able to be modified as needed.

Attached to this email is a powerpoint with links to learning tasks and activities. This will also be available from the school website under the Newsletters/Notices section. Please contact miriam@houghton.school.nz if you did not receive this or are having trouble accessing it.

We will also be hosting online check-ins for students twice a day Monday-Friday, 11:00-11:30am and 2:30-3pm, starting today. These will be optional, and will be an opportunity to chat together, listen to stories, have sharing time, and look at some activities together. We would love to see your children when it suits them to join in. The links for the sharing sessions are on the Powerpoint.

Please be in touch with your child's classroom teacher if you have any questions. We will be available Monday-Friday 9am-3pm.

Ngā manaakitanga,

Miriam, Jo, Nicola and Morgan
